AT SHANNON CHURCH.

Immense Gathering, Much Speech-
ing and a Great Day.

The annual custom of decorating the
graves of our dead has long since passed
beyond the ceremony of strewing flowers
o'er the graves of the soldier-boy, alone,
and the beautiful custom has now become
so general that the grassy mounds that
make the resting-place of all our loved
ones are recipients of floral tributes on
the 30th of each recurring May.

In obedience to an invitation from
Messrs. A. J. Stiles, B. W. Wood and
Colonel John B. Herndon, Committee,
THE LEDGER scribe was present at
Shannon Wednesday.

The day was one of perfect loveliness,
all Nature decked out in her rich
garb of green, the balmy air fragrant
with the perfume of roses, and the
cheerful notes of song-birds borne on
every breeze.

"Shannon" is the very synonym for
one of the prettiest and most carefully
kept rural cemeteries in all this land, as
it is also the synonym for the center of a
most lavish hospitality.

It was nearly 11 o'clock when the
writer reached the grounds, and half an
hour later the gathering numbered fully
1,300. It may well be doubted if ever
before, at any time or place in Mason
county, was seen such a vast number of
buggies—a fitting answer to the deman-
d that our farmers are growing worse
off as the years go by. Such an array of
vehicles, and such an outpouring of well-
to-do people, would not have been possi-
ble in Mason county even as late as
twenty years ago.

But all this bears no reference to the
matter in hand—although it must be ad-
mitted that it is equally as relevant as
some of the addresses that were made
on the occasion. Of all places and of all
times, the home of our dead and a path-
ing of the survivors to pay tribute to
them is the least fitted for remarks that
savor in the slightest of partisanship—
whether it be the partisanship of religious
belief or the partisanship of an economic
system.

An elaborate program had been ar-
ranged, but owing to the non-attendance
of some who had been assigned to speak,
it was varied somewhat.

Rev. Wightman was Master of Cere-
monies, and short addresses were made
by Revs. W. T. Ellis and F. M. Tindler,
and an elaborate historical sketch of
Shannon Church was read by Colonel
John B. Herndon,—than whom no one is
better fitted for the task.

Following these came dinner—and such
a dinner! It was typical of Mason county,
lower, and but adds another testimonial
to the unbounded hospitality of her
noble people. It was the writer's good
fortune to share the hospitality of Mrs.
Ann Jefferson, mother of our worthy
High Sheriff, who was ably assisted by
Mr. and Mrs. Chandler, Miss Jessie Peck,
Henry and Perry Jefferson, and several
others who were unremitting in their
attention to a large number of guests.

Notwithstanding the unusually large
crowd there was plenty and to spare.
After dinner Rev. E. B. Calkins of this
city delivered the address of the day,
which was listened to with much interest,
—and which was criticized with as many
variations as one of Wagner's most fan-
tastic numbers.

The program concluded with a brief
but eloquent address by Milton C. John-
son and the large crowd began to disperse,
only regretting that the day could not be
extended.

Midland's Hill, in Hardin county. The
first suit was filed by Elia M. Keegan, ad-
ministratrix of Thomas J. Egan, who was
engineer of the ill-fated train, and the
other by Harry Dowd, administrator of
John Dowd, freeman.

DECORATION DAY.

Its Observance in This City a Grand
Success Yesterday.

It was Hon. John A. Logan who first
conceived the thought of setting aside
the 30th of May to be known as Decora-
tion Day, which will stand as a monu-
ment to his memory.

Decoration Days have come and gone
and have been observed, but we believe
yesterday's celebration was the best
Mayville's comrades and citizens ever
held.

The day was all that could be desired—
neither too warm nor too cool, and that
inspired many to turn out and help make
the day's proceedings what they were—a
grand success.

The city was crowded with visitors
from the county and Aberdeen, and
everything passed off quietly in order
that their visit might be made a pleasant
one.

The members of Joseph Heiser Post
No. 13, G. A. R., have been busy for a
long time arranging matters and a large
part of the program for the observance of
the day, and, be it to their credit, there was
nothing left out of the order of exer-
cises that would tend to throw a damper
on the proceedings of the day.

Promptly at 1:30 p. m. the Post and M.
C. Hutchins Camp, Sons of Veterans, led
by the Mayville Band, left Grand
Army Hall for the cemetery, and upon
their arrival there they found one of the
largest crowds that ever attended Decora-
tion Day exercises, the sacred place
being very near full.

After the decoration of the graves by
the Women's Relief Corps and their fair
daughters, and the singing of several Na-
tional airs, Colonel Worthington, the
orator of the day, then took the stand,
and for the time he occupied it his ad-
dress was a grand one, and all who lis-
tened to it were well pleased with both
the speaker and his speech.

After the carrying out of the program
at the cemetery the veterans fell in line
and, to the sweet strains of music from
the band, marched to the Hall in Cox
Building.

The old vets are to be congratulated in
their splendid showing of yesterday.

Staunton, Va., yesterday morning en

Frost seems to have done a great deal
of damage in the Southern part of the
state. It has been unusually severe for
this season of the year.

Much interest is, even this far ahead,
being taken in the Oldham County Fair to

features will be "Old Folks' Day."

The worshippers at the First Presby-
terian Church are requested to take
notice that the Prayer-meeting tonight
will take place at 7:30 instead of 8, as
announced last Sunday.

ing in Annie Johnson's bawling, was ac-

act was committed in self defense.

lightful party that went to Shannon yes-
terday, composed of Rev. E. B. Calkins,
Colonel Thomas Forman, C. C. Hopper,
J. D. Dye, George H. Owens, Dr. D. C.
Franklin and THE LEDGER man.

Rev. W. O. Cochran, Pastor of the
Central Presbyterian Church, will lead
the prayer-meeting this evening at the M.
E. Church, South, at 7:30 o'clock. Rev.
T. W. Watts having left this morning for

clamatory Contest.

Superintendent J. M. Gill, of the Cin-
cinnati Division of the C. and O. road,
states that there will be a change in the
speed of the new F. V. train on that
road. The new time card will be in ef-
fect so changed that the arriving time of
the train at terminals will be thirty minutes
earlier.

This, from The West Union School, is
something in the shape of news to us:
Congress has granted a railroad com-
pany the privilege of constructing a
bridge at Mayville over the river, and
a railroad from Mayville to Columbus.
O. West Union is right on the line. A
few years ago a survey was made and the
right of way granted along the line.

James William, who pulled a revolver
on William Greenwood, gatekeeper at
the hall grounds yesterday, was arrested
at his home in Germantown at an early
this morning by Constable W. B. Dawson.
William complained of having the sick
headache and could not come with
Dawson, but put up \$65 as security for
his appearance this morning.

THE BIRDS FLY.

Three Prisoners Effect a Daring
Escape This Morning.

Charles Desmond, Charles Smith and
Frank Brown, the three thugs who were
arrested at the C. and O. Station a few
days ago and fined \$35 each and given
thirty days for carrying pistols, took
French leave this morning.

Their method was as daring as it was
successful.

In company with three other prisoners,
Evans, Cummings and Williams, they
were at work in the city quarry.

James Molen the guard got too close to
Desmond, when the latter grabbed him,
took his pistol from him, and under
duress made him give up the keys of the
shackles.

Then the balls and chains were removed
from Desmond, Smith and Brown, and
transferred to Molen and the other
prisoners.

Having thus made pursuit impossible
the toughs lit out and were gone about
an hour before the alarm could be given.
They went via the Hill City pike.

LETTER FROM DOLLIE ROSE.

She Thanks "The Ledger" For the
100,000 Unsolicited Stamps.

MANCHESTER, O., May 26th, 1894.
Editor Public Ledger: I received the
fourth large collection of stamps from
your office, and I am indeed grateful to
you and your generous readers, and I
thank each contributor.

I have received from your office over
150,000 stamps, besides 150,000 from Miss
Hessie Wadsworth of this city, making
in all 300,000 you have sent me.

Up to date I have received stamps from
the states and territories in the
land. I have received more stamps from
the state of Kentucky than any other
four states in the Union.

I heard a young lady from Mayville
say you had been highly complimented
for interest you are taking in collect-
ing stamps for me. I cannot express my
gratitude to you for this kindness, and if
more stamps at any time.

It will take me some time to prepare
150,000 stamps ready for sale, and when
I send the most of them will send the
small sum of one penny per 100 or ten
cents per 1,000.

Miss Emma Weldon of Augusta gave a
beautiful oil painting as a prize to the one
who sent in the greatest number of per-
fect stamps to her for me on 25th of
this month, and Miss Maggie Weimer
won the prize. The stamps were assorted,
counted and bunched, and came to me by
express a few days ago.

I am at present not so well, and think
of going to the hospital some time in
June.

I wish to say to those who are collect-
ing stamps for me to please send to same
address. My mother will receive them
the same as if I was there, and we will
be very grateful for all they send as they
are to be sold to pay my expenses while
undergoing medical treatment at the
hospital.

Thanking you for past kindness and
also your generous readers, gratefully,
DOLLIE ROSE.

Miss Nannie Hudson, daughter of Hon.
R. S. Hudson, met with a painful acci-
dent Monday evening at Flemingsburg.
She was cleaning a pair of kid gloves
with gasoline, when the fluid ignited
from a lamp near by. Her arms were
deeply burned and Mr. Hudson, who
was standing by her, was considerably
scorched about the face and neck. The
young lady's injuries are not dangerous.

An examination for white teachers in
the Public Schools will be held in this
city June 1st, commencing at 9 o'clock a.

for the state certificates will be examined
at this examination. Any teacher who
has taught for eight consecutive years in
the same county under a first class cer-
tificate may have the last certificate re-
newed for four years by the County
Superintendent.

G. W. BLATTENBERG,
Superintendent of Public Schools.

not been done the place should be desig-

THOMAS A. DAVIS.
Mayville, Ky., May 28th, 1894.

THE LEDGER has never said anything about the Democratic Senate half as tough as this. From The Courier-Journal: The tobacco rehanders of this city have discovered a section in the Tariff Bill which they say would work irreparable damage to the industry in Kentucky if enacted. The big Manufacturers' Association, or Trust, is believed to have secured the incorporation of the section into the bill. If there is any monopoly, trust or protected interest that has not secured recognition in the miserable makeshift the Senate is dawning over, name it.

In the Tariff Bill now under discussion by the Senate there is a reduction amounting to \$30,000,000 on articles of pure luxury, such as laces, cosmetics, liquors, paintings, silks, gloves, etc., while \$50,000,000 is to be raised by a duty on sugar. In other words, the breakfast table of every man, woman and child in the United States is to be taxed in order to allow the gamblers cheaper playing cards, the dukes cheaper gloves and our pretty ladies cheaper foreign cosmetics and perfumery. And for years these demagogues have been howling that the burdens of taxation ought to be imposed upon luxuries that are used by the rich. The McKinley Law taxes all luxuries, admits sugar free, and noddie Democrats threatened to repeal it, raised enough revenue to support the Government.

It is, perhaps, not strange that Governor FLOWER of New York should denounce as an expression of "filthy sentimentality" the Lawson Bill passed by the Republican Legislature providing that no flag but the American should be displayed on public buildings except upon occasion when foreign officers and dignitaries were the guests of the United States, of the state or of any city. If reports, apparently well substantiated, are true, Governor FLOWER never was deeply attached to the American flag, and, like GROVER CLEVELAND, he failed to go to the defense of the flag when it was in danger. Perhaps he viewed the patriotism of those who did go to the front as "filthy sentimentality," and he is said, indeed, to have used even stronger language regarding the soldiers.

The demand that the American flag—the flag of New Orleans, of Gettysburg and of Appomattoh—the flag that floated over the Union troops on every battlefield of the war, shall float alone over public buildings, is much more than "sentimentality." The Governor is mistaken if he imagines that he pleases foreign-born citizens by his veto of the Lawson Bill. The large majority of foreign-born Americans believe in the American flag, and the American flag alone. They believe that the allegiance of every citizen is due to the Republic, and that the flag is the symbol of that Union to which every citizen, native or adopted, owes complete and undivided loyalty. Foreign flags have no more right on public buildings in the United States than flags other than the British would have on the Guildhall in London.

The weather being very changeable it is well to be prepared. Any dose Tarpsulin wanted from six feet to one hundred feet square if desired. Frank Owens Hardware Co. make them, and warrant them positively Water Proof.

While Mr. T. J. Ritchey, of Alfonsa, Mo., was traveling in Kansas he was taken violently ill with cholera morbus. He called at a drug store to get some medicine and the druggist recommended Chamberlain's Colic, Cholera, and Diarrhoea Remedy so highly he concluded to try it. The result was immediate relief, and a few doses cured him completely. It is made for bowel complaint and nothing else. It never fails. For sale by Theo. C. Power, Druggist.

Go Out in a Wreck on the Wisconsin Central Railroad.

The Wreck Followed by a Fire and the Victims Burn to Death.

Cause of Wreck an Open Switch—Strong Suspicion of the Engineer—Fire Started by Robbers, or Other Evil-Disposed Persons.

MANITOWISH, Wis., May 31.—Six lives went out in a wreck on the Wisconsin Central railroad soon after 1 o'clock Wednesday morning at Manitowish, near this city, when a passenger train was seriously injured, the victims were mostly Wisconsin people.

The wrecking of the passenger train was quickly followed by fire, and nearly all those who perished were burned to death. The passengers who were injured were in the smoking-car and the day coach. None of the sleeping-car passengers were injured. The train was the express from Minneapolis to Chicago. It consisted of a baggage-car, mail-car, smoker, two day coaches and three sleepers. The train was filled with passengers, and according to the statements of survivors was going at a rate of fifty miles an hour when the disaster occurred.

The cause of the wreck is supposed to have been an open switch, and there are strong suspicions of the switch having been fixed by robbers, and persons having equally murderous motives. An examination of the switch showed that a nut had been removed allowing it to become loose and fly open as soon as the train passed over it. All the cars, excepting one sleeper, left the rails, and are a total wreck. The baggage and express cars, smoker, day coaches and the sleepers were caught by the flames and reduced to ashes, almost, as there was nothing at hand to extinguish the fire.

Since Manitowish is but a short distance from the city, the last winter by the fire the town has not been rebuilt, and the only building left standing was the railroad depot, which was looked upon as a relic of the calamity. The injured and the remains of the dead were taken to Manitowish as soon as help arrived, and the suffering passengers given the best care possible by physicians and nurses.

The train seemed to twist into a heap. In a few seconds, all the passengers being thrown from their berths, and those who were not killed were not pinned down by woodwork to be crushed, quickly crawled to a place of safety. The wrecked cars were piled on top of each other, and the horrible spectacle, but the horror of the scene increased when flames were seen to rise from the wreck, and the cries of the imprisoned and burning passengers of those who live to remember the horror of their death-day ride to Chicago.

THE RAILS SPREAD.

Disaster to Georgian in Route to Decorate Graves—A Coach Rides an Embankment.

ATLANTA, Ga., May 31.—There was a fearful accident on the Columbia extension of the Central railroad Wednesday morning. The rear coach of a train bearing passengers to take part in the decoration of federal graves in Andersonville left the track on a grade just after Holt's station, and was pushed over the side of the embankment. The excursionists were mostly negroes, but the rear coach was reserved for whites, and the occupants of this coach were the victims of the accident. The train was on an embankment, and moving at the rate of twenty miles an hour when the accident occurred. The derailed coach with its human freight tumbled over thirty feet, and nearly every one in it was more or less hurt, two of whom will die. A spreading rail caused the accident. As soon as the wounded coach was righted, the coaches that did not leave the track the train proceeded to Albany. The Union depot was turned into a hospital, and Dr. F. L. Hillman, president of the board, assisted by other local physicians, was summoned.

Turpin Trains and Sells His Terrible Machine to Germany.

PARIS, May 31.—We have a new scandal, and one of the most serious. Turpin, the inventor of the melinite, has sold to Germany for 5,000,000 francs the secret of an electric chariot, which is expected to produce a terrificity in the world. If the news was confined to this Turpin would be merely a traitor, and would arouse the disgust of every honest man. But the serious part of the affair is that Turpin asserts that he offered his invention to the French minister of war, who refused to listen to his propositions, and that he then, in the audience of President Carnot, who declined to receive him. If Turpin had been an unknown man the conduct of the minister would have been understandable. They are the ordinary tricks of cranks. But Turpin is well known as the inventor of the melinite, and as such has rendered a great service to France.

Turpin was condemned some time ago to serve five years' imprisonment for selling the secret of the English gun-making firm of Armstrong to Germany. He was armed with arms, and as a result of this sentence he was struck from the rolls of the legion of honor. It is said that he was sold by the government because the government refused to restore him to the legion of honor. He has gone to Brussels, where the sale of his secret has been made known, and he has finally accepted. The money was paid over by a German general, who had been sent from Berlin expressly for that purpose.

The swollen Fraser River Destroying Property and Threatening Life.

SAN FRANCISCO, May 31.—The extensive flooding of the Fraser river, which has been going on since the middle of the month, is now threatening the lives of the people living along the river. The water is rising so fast that it is feared that it will reach the city of Vancouver in a few days. The people are being urged to evacuate their homes, and the government is sending troops to the river to assist in the evacuation.

Miners Forcing Out Men With Winchester.

Both the Miners and the Deputy Sheriffs Are Recruiting.

Union Non-Combatants Forced to Join the Bullies, Encamped at Bull Hill. Principal Approaches to the Camp Undetermined and Locked.

CRIPPLE CREEK, May 31.—The strikers now expect to be attacked from three different points, and have massed their forces at Bull Hill. Two principal approaches to the camp are being made, and large quantities of dynamite placed so that by means of electricity the mines can be exploded from the fort. The strikers are still keeping at safe distance from each other. Both sides are exerting every effort to increase their numbers, the strikers by recruiting men, and the non-combatants by recruiting men.

The strikers become bolder and more insolent every day. All the smaller mines are completely subjected, and the larger ones are being threatened. There is nothing really in the attitude of the strikers. Vastly outnumbering the male strikers, the non-combatants are being used by the strikers to attack the non-combatants. The strikers are using the non-combatants as a shield, and are attacking the non-combatants with Winchester rifles.

A PROCLAMATION.

The Governor of Indiana Commands the Authorities to Subside.

INDIANAPOLIS, Ind., May 31.—The proclamation, made by Gov. Matthews after the conference with Judge Baker was published Wednesday evening. It is directed to the sheriffs of Parke, Clay, Vigo, Sullivan and Vermillion counties.

After reciting the situation due to the banding together of persons for the purpose of interfering with railroad traffic, thereby threatening to invade property and the rights of citizens, the governor says that railroads have the right to expect protection in the conduct of their business. He states his points out that such acts are in violation of the law, and that peace and good order must be restored and the law vigorously enforced.

The proclamation then continues: "Now, therefore, I, Claude Matthews, governor of Indiana, call upon all who have been and are connected with such unlawful proceedings to disband and cease interfering with the management and conduct of the business of the railways of the state. All persons who are connected with such unlawful proceedings are hereby ordered to disband and cease interfering with the management and conduct of the business of the railways of the state."
